<p><b>Garmin</b> <b>Booth:</b> A6-205 <a href="https://avioportolano.it/en/news-en.html#garmin_eng">https://avioportolano.it/en/news-en.html#garmin_eng</a></p>	<p><b>Agreement Garmin® International Inc./Avioportolano® srl - April 2023</b></p> <p>Avioportolano® srl (Venice - Italy) is pleased to announce a strategic alliance with Garmin® International Inc. (Kansas - USA) to provide textual and cartographic information related to Italian private runways open to GA and ULM traffic and related Avioportolano's Aeronautical Cartography for air navigation in VFR mode. The information will be made accessible in the Garmin Pilot™ App for Apple® or Android mobile devices.</p>	

<p><b>Planesurance</b>  <b>Booth:</b> A6-400a  <a href="https://planesurance.app">https://planesurance.app</a></p> <p><b>Contact person:</b>  Mr. Pintilie Adrian</p>	<p><b>Planesurance empowers aircraft owners and pilots to easily find an insurance quote for their planes.</b></p> <p>Planesurance empowers aircraft owners and pilots to easily find an insurance quote for their plane or planes from the convenience of their mobile phone. With Planesurance, you can submit a single quotation request that is sent to numerous insurance providers simultaneously. This means that you'll receive multiple competitive quotes, allowing you to select the best offer for your needs.</p>	 <p>The image shows a promotional graphic for the Planesurance mobile app. At the top, the word 'PLANESURANCE' is written in white on a dark background. Below it, a smaller line of text reads 'A mobile app for finding aircraft insurance from multiple providers.' In the center, there are icons for the App Store and Google Play, with the text 'Download the App from' above them and 'planesurance.app' to the right. The background of the graphic is a stylized, isometric illustration of a green and white propeller aircraft on a runway, with other smaller aircraft in the distance against a warm, orange-to-yellow gradient sky.</p>
<p><b>ScanAviation A/S</b>  <b>Booth:</b> A4 - 500  <a href="http://www.scanaviation.com">http://www.scanaviation.com</a></p> <p><b>Contact person:</b>  Mr. Kai Jensen</p> <p><b>Phone:</b>  +45 32 51 42 22</p> <p><b>E-Mail:</b>  <a href="mailto:kai@scanaviation.com">kai@scanaviation.com</a></p>	<p><b>MT Propeller announces ScanAviation A/S as it's Service Station</b></p> <p>MT-Propeller announces ScanAviation A/S, a danish Part 145 Maintenance Shop for Piston Engines and Propellers, it's new Service Station for repair and overhaul as well as new products sales . <p><b>AdvanTec GmbH</b>  <b>Booth:</b> A7 - 124  <a href="https://www.advantecgmbh.de/safebatt2fly/">https://www.advantecgmbh.de/safebatt2fly/</a></p>	<p><b>SafeBatt2Fly Innovative modular battery system for aviation applications with new BMS system</b></p> <p>SafeBatt2Fly A new battery system for aviation applications with an innovative Battery Management System. The system is designed that it can also be easily adapted to other applications, e.g. for electric drives for motor gliders, aircraft, UAM's, STOL'S, VTOL's etc. Transmission of the BMS modules to the monitoring and control unit is: modular, wireless, bidirectional, redundancy communication between the modules and bms.</p>	
<p><b>Air Lovers LLC</b>  <b>Booth:</b> Foyer West - BP02  <a href="https://members.airlovers.com/registrierung/">https://members.airlovers.com/registrierung/</a></p> <p><b>Contact person:</b>          Ms. Alexandra Schlösser</p> <p><b>Phone:</b>          +49 (0) 171 3175334</p> <p><b>E-Mail:</b>  <a href="mailto:alex@air-lovers.com">alex@air-lovers.com</a></p>	<p><b>Air Lovers - True "we" culture in aviation for the big vision: Around the world with 80 pilots!</b></p> <p>Air Lovers - THE community for pilots who want to enjoy their license to the fullest. How? Step by step, leg by leg. The pilots of the Air Lovers Community fly on all continents and finally circumnavigate the whole world! With the support of experts from the aviation scene, they prepare themselves in a targeted manner, gather new experiences and literally expand their horizons with every flight.</p>	
<p><b>CARUSO &amp; FREELAND GmbH</b>  <b>Booth:</b> A4 - 505  <a href="https://www.carusofreeland.net">https://www.carusofreeland.net</a></p> <p><b>Contact person:</b>          Mr. Giuseppe Caruso</p> <p><b>Phone:</b>          +41 52 6724325</p> <p><b>E-Mail:</b>  <a href="mailto:freeland@bluewin.ch">freeland@bluewin.ch</a></p>	<p><b>Aviator sunglasses with UV and blue light protection. Study: Pilots exceed limits in sec.</b></p> <p>CARUSO FREELAND GmbH has commissioned the University of Applied Sciences FHNW Windisch Switzerland to carry out measurements, outdoors, public transport and airplanes regarding blue light radiation. The international limits were taken by ICNIRP. The study was conducted without, with 100% UV protection and UV and blue light goggles. Pilots belong to the vulnerable target group (altitude) and use insufficient protection.</p>	

<p><b>GROPPO AVIAZIONE</b>  <b>Booth:</b> B2 - 105  <a href="https://www.gropoaviazione.com">https://www.gropoaviazione.com</a></p> <p><b>Contact person:</b>  Mr. Ronny Schäfer</p> <p><b>Phone:</b>  +49 172 3428888</p> <p><b>E-Mail:</b>  <a href="mailto:info@propellermann.de">info@propellermann.de</a></p>	<p><b>GROPPO AVIAZIONE is bringing three aircraft from the 2023 model year to AERO with some detail premieres.</b></p> <p>GROPPO zeigt die TRAIL 2023 mit 600-kg-Zulassung und Rotax 914 Turbo-Motor. Die G70-600 steht in der Top-Ausstattung auf Stand B2-105: mit dem superleichten e-Props Glorieuse-3, dem Garmin G3X Glascockpit und Produktdetails wie der elektrischen Querrudertrimmung. Die G70-600 Trainer ist für den robusten Schulbetrieb optimiert. Die Version ist aerodynamisch überarbeitet und verzichtet auf den GROPPo-Flächenklappmechanismus.</p>	
<p><b>HeART - Henrici Anti Reaction Torque</b>  <b>Booth:</b> A5 - 325</p> <p><b>Phone:</b>  +49 176 34408327</p> <p><b>E-Mail:</b>  <a href="mailto:guido.henrici@freenet.de">guido.henrici@freenet.de</a></p>	<p><b>HeART- Henrici Anti Reaction Torque electrical drive / gearsystem with torque control</b></p> <p>This drive can control the torque at constant and changing revolutions. Not only to compensate the reactiontorque, also to have a full controllability around the driving axis. It is for helicopters, eVTOL and many more areas of application</p>	
<p><b>Junkers Flugzeugwerke GMBH</b>  <b>Booth:</b> A3 - 117</p>	<p><b>Junkers A60</b></p> <p>The Junkers A60 is the latest Junkers model and is strongly based on its historical prototype, the Junkers A50 Junior. The special style and fun factor is reinforced in this reinterpretation by the new retractable landing gear, the nose wheel and especially by the fact that here pilot and passenger sit side by side in the cabin, which can be flown with the canopy open and/or closed.</p>	

<p><b>Meandair BV</b>  <b>Booth:</b> A6 - 111  <a href="https://AirportWeather.com">https://AirportWeather.com</a></p> <p><b>Phone:</b>  +31 15 2629 889</p> <p><b>E-Mail:</b>  <a href="mailto:marketing@meandair.com">marketing@meandair.com</a></p>	<p><b>AirportWeather.com</b></p> <p>AirportWeather.com by Meandair is a software platform providing weather forecasting and nowcasting services to all European GA airports, heliports and pilots. Our synthetic METAR/TAF reports providing current conditions and near-term forecast for ceilings, visibility, wind, precipitation, are updated continuously. Our services significantly improve safety of GA flight planning and navigation.</p>	
<p><b>NANUK EU BV</b>  <b>Booth:</b> A2 - 105  <a href="https://nanuk.eu/products/nanuk-980">https://nanuk.eu/products/nanuk-980</a></p> <p><b>Contact person:</b>  Ms. Angie Ng</p> <p><b>E-Mail:</b>  <a href="mailto:ang@nanuk.com">ang@nanuk.com</a></p>	<p><b>NANUK 980 Protective Case Exterior: 760 mm x 412 mm x 186 mm Interior: 683 mm x 338 mm x 157</b></p> <p>The NANUK 980 is a mid-size, long case that's versatile enough to protect not-so-long gear, lots of smaller gear, or both. Not as lengthy as our Long Cases, but twice as long as some our Medium Cases, it's built to protect valuable equipment in tough conditions. It's designed with deeper stacking ridges that gives it better stability for long term storage, transport, or quick access.</p>	
<p><b>Niki Rotor Aviation</b>  <b>Booth:</b> B4 - 403  <a href="https://nikiaviation.com">https://nikiaviation.com</a></p> <p><b>Contact person:</b>  Ms. Miglena Kopcheva</p> <p><b>Phone:</b>  +359887310005</p> <p><b>E-Mail:</b>  <a href="mailto:megy.nikolova@nikiaviation.com">megy.nikolova@nikiaviation.com</a></p>	<p><b>Side-by-side gyrocopter CRUISER. Innovative, elegant and friendly for pilots.</b></p> <p>CRUISER combines outstanding design due to the tail construction concept and gives breathtaking view from the cockpit. The machine has a comfortable seating and luggage compartment which makes the gyroplane unique for a weekend trip. Fully carbon fibre fuselage and engine frame give extreme light construction. Portable Navigation system with the iconic iPad Pro App gives extra flexibility to combine work and pleasure.</p>
